Dear Congressman Kline:

I write to express to you the Prairie Island Indian Community's sincere appreciation for your support of H.R. 3351, which included the Community's legislation commonly known as "Parcel D". The Council was in session when you took the floor in support of H.R. 3351, and so we were able to watch your fine speech live on CSPAN. You have always been a supportive friend of the Prairie Island Indian Community, but your assistance on this matter has had a particularly deep and profound resonance in the Community. Thank you again, and I look forward to seeing you on my next visit to Washington.

Sincerely,

A handwritten signature in cursive script that reads "Doreen Hagen".
